

Notify Party Information

For all Shipments please provide your shipper with these instructions.

We should have fax or email copy of the commercial invoice, which should include the name of the Packing House with full address and FDA Registration number and the bill of lading as soon as possible. This makes it possible to clear customs and FDA before arrival of cargo.

NOTIFY PARTY: (This should be placed on all bills of lading in order to be able to give instructions to the carriers)

CUSTOMIZED BROKERS, INC.
