

If Pests are Bugging Your Imported Produce in Port Everglades, Florida, Then Bring Them Here

Crowley's custom-built Highly Mobile Actionable Pest (HMAP) Refrigerated Chamber in Port Everglades allows your containers to be prepared for fumigation in a chilled environment, saving your valuable cargo and eliminating the need to export the load back to the country of origin.

The (HMAP) Refrigerated Chamber is the only one of its kind in Port Everglades, and it exceeds the requirements established by the U.S. Department of Agriculture's Animal and Plant Health Inspection Service and applies to international cargo shipments that have been determined by Plant Protection and Quarantine identifiers to be infested with highly mobile actionable pests.

Take your cold chain to a whole new level of efficiency. Call Crowley at 1-800-CROWLEY, or visit www.crowley.com. And for assistance clearing your perishable imports through U.S. Customs, call Customized Brokers, a Crowley company, at 305-471-8989, or visit www.customizedbrokers.net.
